PROFESSIONAL SUMMARY

Senior Technical Product Leader with 15+ years of experience architecting, building, and operating high-availability fintech platforms. My expertise is at the intersection of product innovation, technical operations, and deep domain expertise in payments, fraud, and national-level compliance. Proven history of acting as the sole point of command for complex technical, legal, and governmental challenges.

CORE COMPETENCIES

- **Product Management:** Technical Product Management, New Product Development (NPD), Product Lifecycle (PLC), Technical Roadmapping, Agile/Scrum Leadership, PRDs & User Stories.
- **Fintech & Payments:** Fraud Detection & Risk (AML), Payments Architecture (C2C, Wallet), Multi-Party Reconciliation, PSP & Bank Integration, FATA & Shaparak Compliance.
- **Technical Operations:** High-Availability Monitoring (Prometheus, Grafana, ELK), Log Engineering (Grok), API Design & Microservices, Incident Management.
- **Data & Engineering:** Big Data (Elasticsearch), Databases (MongoDB, MySQL, PostgreSQL), Backend Scripting (Java, Python, Shell).
- **Tools:** Jira, Confluence, Asana, ClickUp.

PROFESSIONAL EXPERIENCE

Senior Technical Product Manager

Apr 2025 – Present

P.G IT Solutions / Persia Fava Gostaresh | Tehran, Iran

- Architecting a new multi-million dollar business plan for an API gateway, defining the complete 12-month roadmap, PRDs, and technical epics.
- Leading the development of a multi-petabyte 'Smart DB' for SMS advertising, using Elasticsearch to enable complex, text-based query segmentation (75% complete).
- Designing the end-to-end architecture for a new User Authentication & Authorization (UAA) microservice to standardize identity across all products.
- Act as the single point of command and technical liaison between the CEO and all outsourced development teams (Backend, Frontend, UI/UX).
- Architected 4-6 new internal SaaS platforms from the ground up, creating all technical flows and processes in an undisciplined 'greenfield' environment.

Senior Payments & Fraud Consultant (Concurrent)

Jul 2018 – Apr 2025

Digikala (Parent Company) | Tehran, Iran

- Acted as the senior subject-matter expert for Digikala's 45-million-customer platform, advising finance, logistics, and legal teams on fraud and payments.
- Single-handedly built and managed complex reconciliation reports for the main platform, correlating data from multiple payment sources where internal teams failed.
- Developed rapid-response fraud interception plans; personally traced high-value stolen items in under 1 hour, interfacing with law enforcement.
- Consulted with Iran's Cyber Police (FATA) on behalf of Digikala, successfully negotiating new national regulations for 3-hour delivery systems.

Senior Tech-Ops Analyst / Administrator

Jul 2018 – Apr 2025

Digipay Co. (Digikala Group) | Tehran, Iran

- Owned and operated the entire Fraud & Judicial vertical for 7 years as a "one-person division," managing a 10-year caseload of over 30,000+ inquiries.
- Served as the company's sole technical expert in 30+ judicial fraud cases, personally tracing money-laundering paths and training FATA officers.
- Reduced official fraud reporting time to FATA from 3 working days to under 3 hours by building new automated data-tracing flows.

- Dictated technical specifications and reconciliation patterns to external PSPs and Iran's National Payment Network (Shaparak).
- Engineered the company's first logging standards (Grok) and acted as the only engineer capable of deep-log debugging for 2+ years.
- Architected the company's first monitoring stack (Prometheus, Grafana) and owned 24/7 reliability for the Superapp, Wallet, and Payments verticals.
- Led the pre-development design of multi-party reconciliation solutions for all new fintech products (Wallets, C2C, Insuretech, Lendtech).

Founding Operations Analyst / Admin

Sep 2016 – Jun 2018

Homapay Co. | Tehran, Iran

- Joined as one of the first 10 employees, single-handedly managing all operations, monitoring, and customer support for the startup.
- Manually operated and debugged all fintech platforms (C2C, billing, top-up), masking severe code deficiencies to maintain operational stability.
- Operational stability was a key factor in securing a 3x increase in investor funding and enabling the company's acquisition by Digikala.

Mid Sales Area Manager

May 2010 – Dec 2016

Gd Retail Sell | Tehran, Iran

- Directed a sales division of 30+ agents, holding full P&L responsibility for the area.
- Served as the sole translator and communications lead for international partners, negotiating contracts and aligning logistics.

CEO / Board Member / Agent

Sep 2005 – Nov 2012

Aida Faraz Gostaresh | Tehran, Iran

- Founded and led an IT solutions consultancy, acquiring and managing a portfolio of 15+ SME clients.
- Architected, deployed, and administered mixed-network infrastructures (Windows, Red Hat) for all clients.

EDUCATION

B.S. Software Engineering

Oct 2001 – Jun 2006

Islamic Azad University, South Tehran Branch
