- Cross-Functional Leadership
- Contract Negotiation

LANGUAGE

- Persian: Native
- English: Full Professional

INTERESTS

- Traveling & Books
- Board & Role-playing Games
- Movies, Music, & TV Series
- Meeting Positive People

Professional Summary

Senior Technical Product Manager with 15+ years of experience in high-growth fintech, specializing in payments, fraud prevention, and high-availability technical operations. I bridge the gap between complex engineering (APIs, microservices, monitoring stacks) and strategic product roadmaps, translating business needs into high-impact technical solutions. Proven leader in building and scaling resilient, compliant, and secure platforms.

Professional Experience

- APR 2025 – PRESENT

Senior Product Owner – Technical Focus

P.G IT Solutions / Persia Fava Gostaresh, Tehran

 - Lead the end-to-end product lifecycle for 3+ high-availability software products, from ideation to deployment and iteration.
 - Define and manage the technical product roadmap, translating business and user needs into clear User Stories and technical specifications (PRDs).
 - Own and prioritize the product backlog for strategic initiatives, including a new API gateway, SMS platforms, and corporate web services.
 - Act as the primary technical liaison between 10+ stakeholders and engineering teams, ensuring scalable and efficient architecture.
 - Conduct market and competitor analysis to identify innovation opportunities, presenting technical insights and performance reports to support executive decision-making.
- JUL 2018 – APR 2025

Senior Tech-Ops Analyst / Administrator

Digipay Co. (Digikala Group), Tehran

 - Owned the product roadmap for the Fraud & Judicial (FATA) vertical, acting as the sole point of contact for legal compliance and reducing fraudulent transactions by [X%].
 - Managed all B2B technical and operational relationships with 15+ key partners, including PSPs, banks, and Shaparak, ensuring 100% compliance.
 - Architected and implemented a new active/passive monitoring stack (Nginx, Prometheus, Grafana), improving core payment API uptime from [X]% to 99.99%.
 - Led the design and implementation of a multi-party reconciliation solution, reducing manual reconciliation time from [X] days to [Y] hours.
 - Directed 24/7 technical oversight for all payment, insurance, and SMS systems, personally handling high-level debugging, testing, and system analysis.
 - Performed complex database management (MongoDB, MySQL, PostgreSQL), creating on-demand analytics reports that informed executive strategy.
- SEP 2016 – JUN 2018

Mid Operations Analyst / Admin

Homapay Co., Tehran

 - Oversaw all service operations for core fintech products (C2C transfers, bill payments, top-up), ensuring service stability and performance.
 - Established and enforced QoS/QC benchmarks by designing and implementing new service monitoring dashboards, reducing service incidents by [X%].
 - Acted as the primary technical-operational liaison during the company's merger and integration into the Digikala group (Digipay).
- MAY 2010 – DEC 2016

Mid Sales Area Manager

Gd Retail Sell, Tehran

 - Directed a sales division of 30+ agents, holding full P&L responsibility for an [X]-million dollar area.
 - Formulated annual financial plans and set sales targets, driving [X]% year-over-year business development by securing key retail partnerships.
 - Served as the sole translator and communications lead for international partners, negotiating contracts and aligning supply chain logistics.
- SEP 2005 – NOV 2012

CEO / Board Member / Agent

Aida Faraz Gostaresh, Tehran

 - Founded and led an IT solutions consultancy, acquiring and managing a portfolio of 15+ SME clients.
 - Architected, deployed, and administered mixed-network infrastructures (Windows, Red Hat) for all clients.
 - Acted as principal consultant for all IT needs, from hardware procurement to deploying intranet (chat, calls, conferences) solutions.
 - Managed all business operations, including client contracts, billing, and technical service delivery.

Education

- OCT 2001 – JUN 2006

B.S. Software Engineering

Islamic Azad University, South Tehran Branch
