- Databases (MongoDB, MySQL, PostgreSQL)
- Backend (Java, Python, Shell)

Leadership & Strategy

- Stakeholder Management
- Executive & Legal Reporting
- Cross-Functional Leadership
- Governmental Liaison
- Contract Negotiation

LANGUAGE

- Persian: Native
- English: Full Professional

INTERESTS

- Traveling & Books
- Board & Role-playing Games
- Movies, Music, & TV Series
- Meeting Positive People

Professional Summary

Senior Technical Product Leader with 15+ years of experience architecting, building, and operating high-availability fintech platforms. My expertise is at the intersection of product innovation, technical operations, and deep domain expertise in payments, fraud, and national-level compliance (FATA, Shaparak).

I am a systems-thinker who thrives on building new products from the ground up, from initial flow creation and reconciliation logic to architecting monitoring stacks (Prometheus, Grafana, ELK) and fraud-detection patterns. I have a proven history of acting as the sole point of contact for complex technical, legal, and governmental challenges, translating business goals into resilient and scalable systems.

Professional Experience

- APR 2025 - PRESENT**
Senior Technical Product Manager
P.G IT Solutions / Persia Fava Gostaresh, Tehran
 - Architecting a new multi-million dollar business plan for an API gateway, defining the complete 12-month roadmap, PRDs, and technical epics.
 - Leading the development of a multi-petabyte 'Smart DB' for SMS advertising, using Elasticsearch to enable complex, text-based query segmentation.
 - Designing the end-to-end architecture for a new User Authentication & Authorization (UAA) microservice to standardize identity across all products.
 - Act as the single point of command and technical liaison between the CEO and all outsourced development teams (Backend, Frontend, UI/UX).
- JUL 2018 - APR 2025**
Senior Payments & Fraud Consultant (Concurrent Role)
Digikala (Parent E-commerce Company), Tehran
 - Acted as the senior subject-matter expert for Digikala's 45-million-customer platform, advising finance, logistics, and legal teams on fraud and payments.
 - Single-handedly built and managed complex reconciliation reports for the main platform, correlating data from multiple payment sources.
 - Developed rapid-response fraud interception plans; personally traced high-value stolen items in under 1 hour, interfacing with law enforcement.
 - Consulted with Iran's anti-fraud agency (FATA) on behalf of Digikala, successfully negotiating new national regulations for 3-hour delivery systems.
- JUL 2018 - APR 2025**
Senior Tech-Ops Analyst / Administrator
Digipay Co. (Digikala Group), Tehran
 - Owned and operated the entire Fraud & Judicial (FATA) vertical for 7 years as a "one-person division," managing a 10-year caseload of over 30,000 inquiries.
 - Served as the company's sole technical expert in 30+ judicial fraud cases, personally tracing money-laundering paths and training FATA officers on how to trace data.
 - Reduced official fraud reporting time to FATA from 3 working days to under 3 hours by building new automated data-tracing and reporting flows.
 - Managed all 300+ B2B provider accounts (PSPs, banks, telecom) and high-value confidential credit lines.
 - Dictated technical specifications and reconciliation patterns to external PSPs, forcing them to build new services to support the multi-million user platform.
 - Engineered the company's first logging standards and search patterns (Grok), acting as the only engineer capable of deep-log debugging for 2+ years.
 - Architected the company's first monitoring stack (Prometheus, Grafana) and acted as the 24/7 recipient for all system errors for 3+ years.
 - Led the pre-development design of multi-party reconciliation solutions for all new fintech products (Wallets, C2C, Insuretech, Lendtech).
- SEP 2016 - JUN 2018**
Founding Operations Analyst / Admin (Startup Team)
Homapay Co., Tehran
 - Joined as one of the first 10 employees, single-handedly managing all operations, monitoring, and customer support for the initial 15-person startup.
 - Manually operated and debugged all fintech platforms (C2C, billing, top-up), masking severe code deficiencies to maintain a flawless operational record.
 - My operational stability was a key factor in securing a 3x increase in investor funding, growing the team to 50+, and enabling the company's acquisition by Digikala.
 - Acted as the primary technical-operational liaison during the merger and integration into the Digikala group (Digipay).
- MAY 2010 - DEC 2016**
Mid Sales Area Manager
Gd Retail Sell, Tehran
 - Directed a sales division of 30+ agents, holding full P&L responsibility for the area.
 - Formulated annual financial plans, set sales targets, and drove business development by securing key retail partnerships.
 - Served as the sole translator and communications lead for international partners, negotiating contracts and aligning supply chain logistics.
- SEP 2005 - NOV 2012**
CEO / Board Member / Agent
Aida Faraz Gostaresh, Tehran
 - Founded and led an IT solutions consultancy, acquiring and managing a portfolio of 15+ SME clients.
 - Architected, deployed, and administered mixed-network infrastructures (Windows, Red Hat) for all clients.

Education

OCT 2001 - JUN 2006
B.S. Software Engineering
Islamic Azad University, South Tehran Branch
