

PROFESSIONAL SUMMARY

Senior Technical Product Leader with 15+ years of experience architecting, building, and operating high-availability fintech platforms. My expertise is at the intersection of product innovation, technical operations, and deep domain expertise in payments, fraud, and national-level compliance.

I am a systems-thinker who thrives on building new products from the ground up—from architecting multi-million dollar business plans and petabyte-scale data platforms to defining technical roadmaps for core services like API gateways and UAA systems. I have a proven history of acting as the sole point of command for complex technical, legal, and governmental challenges, translating high-level business goals into resilient and scalable systems.

CORE COMPETENCIES

Product & Innovation - New Product Development (NPD) - Technical Business Planning (PRD, Epics) - Product Lifecycle Management (PLC) - Technical Roadmapping - Agile/Scrum & Jira	Fintech & Payments - Fraud Detection, AML & Risk - Payments Architecture (C2C, Wallet) - Multi-Party Reconciliation - PSP & Bank Integration - Regulatory Compliance (Iran's Cyber Police (FATA), National Payment Network (Shaparak))
Technology & Platform - High-Availability Monitoring (Prometheus, Grafana, ELK) - API Design & Microservices - Big Data (Elasticsearch, Petabyte-Scale) - Databases (MongoDB, MySQL, PostgreSQL) - Backend (Java, Python, Shell)	Leadership & Strategy - Stakeholder Management - Executive & Legal Reporting - Cross-Functional Leadership - Governmental Liaison - Contract Negotiation

PROFESSIONAL EXPERIENCE

- Senior Technical Product Manager

Apr 2025 – Present

P.G IT Solutions / Persia Fava Gostaresh, Tehran

Architecting a new multi-million dollar business plan for an API gateway, defining the complete 12-month roadmap, PRDs, and technical epics.

Leading the development of a multi-petabyte 'Smart DB' for SMS advertising, using Elasticsearch to enable complex, text-based query segmentation (75% complete).

Designing the end-to-end architecture for a new User Authentication & Authorization (UAA) microservice to standardize identity across all products.

Act as the single point of command and technical liaison between the CEO and all outsourced development teams (Backend, Frontend, UI/UX).
- Senior Payments & Fraud Consultant (Concurrent Role)

Jul 2018 – Apr 2025

Digikala (Parent E-commerce Company), Tehran

Acted as the senior subject-matter expert for Digikala's 45-million-customer platform, advising finance, logistics, and legal teams on fraud and payments.

Single-handedly built and managed complex reconciliation reports for the main platform, correlating data from multiple payment sources where internal teams failed.

Developed rapid-response fraud interception plans; personally traced high-value stolen items in under 1 hour, interfacing with law enforcement.

Consulted with Iran's Cyber Police (FATA) on behalf of Digikala, successfully negotiating new national regulations for 3-hour delivery systems.

Senior Tech-Ops Analyst / Administrator

Jul 2018 – Apr 2025

Digipay Co. (Digikala Group), Tehran

Owned and operated the entire Fraud & Judicial vertical for 7 years as a "one-person division," managing a 10-year caseload of over ****30,000+ inquiries**** for a 56M-user ecosystem.

Served as the company's sole technical expert in ****30+ judicial fraud cases****, personally tracing money-laundering paths and training government (FATA) officers.

Reduced official fraud reporting time to Iran's Cyber Police (FATA) from ****3 working days to under 3 hours**** by building new automated data-tracing and reporting flows.

Dictated technical specifications and reconciliation patterns to external PSPs and Iran's National Payment Network (Shaparak), forcing them to build new services.

Engineered the company's first logging standards (Grok) and acted as the only engineer capable of deep-log debugging for 2+ years.

Architected the company's first monitoring stack (Prometheus, Grafana) and owned 24/7 reliability for the Superapp, Wallet, and Payments verticals.

Founding Operations Analyst / Admin (Startup Team)

Sep 2016 – Jun 2018

Homapay Co., Tehran

Joined as one of the first 10 employees, single-handedly managing all operations, monitoring, and customer support for the initial 15-person startup.

Manually operated and debugged all fintech platforms (C2C, billing, top-up), masking severe code deficiencies to maintain a flawless operational record.

Operational stability was a key factor in securing a ****3x increase in investor funding****, growing the team to 50+, and enabling the company's acquisition by Digikala.

Mid Sales Area Manager

May 2010 – Dec 2016

Gd Retail Sell, Tehran

Directed a sales division of 30+ agents, holding full P&L responsibility for the area.

Served as the sole translator and communications lead for international partners, negotiating contracts and aligning supply chain logistics.

CEO / Board Member / Agent

Sep 2005 – Nov 2012

Aida Faraz Gostaresh, Tehran

Founded and led an IT solutions consultancy, acquiring and managing a portfolio of 15+ SME clients.

Architected, deployed, and administered mixed-network infrastructures (Windows, Red Hat) for all clients.

EDUCATION

B.S. Software Engineering

Oct 2001 – Jun 2006

Islamic Azad University, South Tehran Branch
